Section 504 Public Notice

Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act prohibit discrimination against persons with a disability by any institution receiving federal financial assistance. These Acts define a person with a disability as anyone:

- having a mental or physical impairment which substantially limits one or more major life activities (major life activities include activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working);
- having a record of such impairment; or
- regarded as having such an impairment.

In order to fulfill obligations under Section 504, the Meskwaki Settlement School has the responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability should knowingly be permitted in any of the program and/or practices of the school system.

The Meskwaki Settlement School has responsibilities under Section 504, which include the obligation to identify, evaluate, and if the student is determined to be eligible under Section 504, to afford access to appropriate educational services.

A legal parent/guardian or a student at the age of majority may request a form to initiate an evaluation referral by contacting the principal of any school or the Section 504 Coordinator.

If the legal parent/guardian or the student at the age of majority disagrees with the determination made by the professional staff of the Meskwaki Settlement School, he/she has a right to a hearing with an impartial hearing officer.

The Family Educational Rights and Privacy Act (FERPA) specifies rights related to educational records. This Act gives the parent/guardian or adult student the right to:

- inspect and review his/her child's educational records;
- make copies of these records;
- receive a list of all individuals having access to those records;
- ask for an explanation of any item in the records;
- ask for an amendment to any report on the grounds that it is inaccurate, misleading, or violates the child's rights; and
- a hearing on the issue if the school refuses to make the amendment.
